The Framework

2020/21

The Ethos:

The aim of the Norfolk Development League is to develop the potential of young players through regular, organised hockey games. By limiting the number of adult players, the focus will be to encourage young players to take a full and active part in the game. The presence of adult players will be to assist in the acquisition of skills, knowledge and understanding of the game in an atmosphere of co-operation, collaboration and mutual respect.

The ethos can be summed up as “.... taking part is more important than winning”.

The Framework:

- 1.1 No player who is under 13 may play in the senior leagues.
