

## **Empresa League 2020/21**

The league has set up an “Emergency Committee” for this season.

The attached Empresa league rules for 2020/2021 will be applied with the following additions

The home team must confirm the venue and time for a fixture, 16 days in advance of it.

At any time within 16 days of the fixture if a venue becomes unavailable after it has been confirmed, the home team must immediately advise the away team of a change of venue/time. If no alternative venue is available, the home team must advise the away team immediately who shall be given the opportunity to host the fixture.

If it is not possible to arrange the fixture on the scheduled date the home team may request to postpone it or choose to forfeit a fixture at no penalty other than the fixture being recorded as a 3-0 loss subject to any further remission or penalty as imposed by the league.

Where both teams are unable to field a team they may choose to postpone the fixture or forfeit it at no penalty other than the fixture being recorded as a 0-0 draw with one point awarded to each team, subject to any further remission or penalty as imposed by the league

A team will be entitled to postpone a maximum of 20% of scheduled and postponed fixtures due to unavailability of a home venue or players or a local lockdown. If they are unable to fulfil further fixtures these fixtures will have to be forfeited in line with the relevant regulation. This is in addition to any postponements due to a venue being unfit for play due to the weather.

Only the following teams need to star players

Broadland 1 and 2

Carrow 1

Dereham 1 and 2

East Coast 1 and 2

Harleston Magpies 1, 2, 3, 4 and 5
